AMINGTON GARDEN VILLAGE – WHERE YOU’LL FIND
FEEL-GOOD PLACES AND STUNNING SPACES.

Discover Amington Garden Village.

There’s a reason people prefer our homes and over 75% have been sold. Because with us, you don’t just own a quality energy efficient home; you get a quality of life we take great pride in.

You’ll know exactly what we mean the moment you visit Amington Garden Village. Like open living areas with taller ceilings, to give you a greater sense of space and light. Spaces designed to enjoy together, for some ‘me time’, or as a handy homeworking space. And the bedrooms? Each one is a relaxing haven, right there when you need to escape to it.

And then, there’s the outside. Beautiful landscaping. Tree-lined streets. Green open spaces. And an endless mix of street scenes. Because ‘out-of-the-box’ homes aren’t what we do.

Even better? In a Redrow community you’ll always have that wonderfully welcome feeling, where people look out for one another. And so will we, because you can count on our outstanding customer service to continue long after the day you move in. That’s a promise.

TAMWORTH UNDER 13'S FC

We are pleased to be supporting Tamworth FC under 13's again this season and wish them all the best!

"The money kindly sponsored by Redrow paid for brand new full red home kits for the 16 players in the squad and matching blue jackets for the coaches. They turn up looking extremely professional and it has reflected in their performances. They have already won the League Trophy Cup and on course to also win the league title."
