## CREATING A BETTER WAY TO LIVE

At Redrow we strive to give people a better way to live – building homes that offer a better quality of build, a more enjoyable lifestyle and a higher standard of living all round.

It's these three things that make Redrow better. Added together, they make our customers feel more inspired about moving to one of our new homes and feel more comfortable in our new communities. And better still, they'll be safe in the knowledge that we'll provide a service that goes way beyond their expectations.

## BETTER PLACES AND SPACES

We think first about the way our customers want to live when we design and build our new neighbourhoods, so we provide a better place to live.

At Redrow we put open space and nature at the forefront of what we do, so our new places will be well-considered and well-connected too. What's more, we give back to the areas we build in with contributions of our own, from sports centres to schools and shops.

The right pace of life is important to us, too. That's why we focus on nature when creating our new neighbourhoods, creating community spaces for customers to enjoy and making sure the great outdoors is always within easy reach.

We also work closely with a range of partners to make sure the natural world is always an important part of our communities. We are currently developing over 1,600 acres of green space across our developments, while we design our neighbourhoods with walking and cycling in mind, always encouraging healthy lifestyles

## BETTER BY DESIGN

Life is not just about waking up in a beautiful home. It's about everything that goes with it. From stunning open-plan kitchens and entertaining spaces, to places that make the most of the outdoors, it's inside where our homes come to life.

Everything we do at Redrow is focussed on quality. From where we build, to the bricks we use. The high quality of our homes never comes about by accident – it's all about our attention to detail at every stage of the build.

## BETTER EXPERIENCES

The thought of buying a new home can seem a little daunting at first, but from our expert sales and aftercare teams to our award-winning online platforms, we'll be there to help at every stage. Our customers would agree too - we're rated 'Excellent' on Trustpilot.

## WHAT'S SPECIAL ABOUT OUR **LATEST HOMES**

With our new generation Eco Electric homes, you can enjoy superb future-ready features, including air source heat pumps, even thicker insulation - and the wonderful warmth of underfloor heating. Your better way to live just got better.

## DESIGNED FOR YOUR LIFESTYLE- **AND YOUR BUDGET**

Living in an energy efficient Redrow home helps to significantly reduce your energy consumption and costs. Our newest homes can save you £2,575\* a year on your energy bills compared to a second hand home, leaving you to focus on the things that matter most.

Want to know how much you can save? Book an appointment at your nearest Redrow development to use our EPC calculator and get your personalised results.

## BRINGING PEOPLE **AND NATURE** TOGETHER

Bringing our homeowners together is a vital part of what we do, so we make sure we build safe open spaces and community areas, perfect for spending time with friends. Helping people connect with one another, creating wildlife habitats, encouraging healthy living and carefully considering the look and feel of the local area when we design our developments. It's about providing for local wildlife, building a meaningful future and leaving a lasting legacy.

# OUR REQUIREMENTS AS HOME-BUILDERS

## The New Homes Quality Code: Statement of Principles

This **Statement of Principles** (the core principles) sets out the main principles which registered developers agree to follow to benefit their customers.

### 1. FAIRNESS

Treat customers fairly throughout the buying and after-sales process.

### 2. SAFETY

Carry out and complete work in line with all regulations and requirements that apply to the new home, as set out by the Government, and have the necessary certificates from an appropriately approved body to show they have done this.

### 3. QUALITY

Complete all work to a high standard in line with all building and other standards and regulations that apply, as well as to the specification for the new home, and make sure that completion does not take place until the new home is complete (see section 2 of this code).

### 4. SERVICE

Have in place systems, processes and staff training to meet the customer service requirements of the code, and not use high-pressure selling techniques to influence a customer's decision to buy a new home.

### 5. RESPONSIVENESS

Have in place a reliable after-sales service and effective complaints procedure to make sure responses to customer queries are clear, thorough and provided in good time.

### 6. TRANSPARENCY

Provide clear and accurate information about buying the new home, including tenure and any costs the customer may have to pay in the future, such as ground rents and service charges.

### 7. INDEPENDENCE

Make sure that customers know they should appoint independent legal advisers when buying a new home and that they have the right to ask for an independent pre-completion inspection before completion takes place.

### 8. INCLUSIVITY

Take steps to identify and provide appropriate support to vulnerable customers and make sure the code is available to all customers, including in appropriate formats and languages.

### 9. SECURITY

Make sure there are reasonable financial arrangements in place, through insurance or otherwise, to meet all their obligations under the code, including repaying deposits when they are due and any financial awards made by the New Homes Ombudsman Service.

### 10. COMPLIANCE

Meet the requirements of the code and the New Homes Ombudsman Service.
